EXPERIENCE

Cellar Innovative Developers, Kochi Dec 2024 – Mar 2025
Project Intern – Mobile Application Development

- Developed key features for the Academix Hub mobile application using React Native, Node.js, Express.js, and MySQL, improving student-faculty interaction workflows.
- Collaborated in an Agile team to deliver sprint milestones, applying data structures knowledge to optimize API response handling.
- Performed testing, debugging, and troubleshooting across Android platforms, reducing reported bugs through component-level fixes.

TECHWINGSYS, Kochi Jul 2024 – Nov 2024
Project Intern – Web Application Development

- Built and deployed the Academix Hub web application from scratch using HTML, CSS, PHP, and MySQL as a centralized academic management platform.
- Designed and implemented RESTful backend modules, ensuring data integrity across relational database schemas.
- Participated in the full SDLC: requirements gathering, design, implementation, testing, and deployment.

PROJECTS

DrugTrace – Transparent Narcotics Supply Chain System (Ongoing) Python, Random Forest, Ethereum/Solidity, Spring Boot, MySQL

- Team capstone project building a system that applies blockchain and machine learning to secure and track narcotics from manufacturer to patient, with ML-based risk scoring to detect abnormal supply behavior.
- Own contribution: developing the frontend UI/UX and role-based dashboards for manufacturer, distributor, pharmacy, doctor, and patient portals.

Academix Hub – Web Application HTML, CSS, PHP, MySQL

- Full-stack academic management platform with student and faculty portals, role-based access, secure authentication, and dynamic dashboards.
- Designed normalized relational schemas to manage user data, course records, and attendance efficiently.

Academix Hub – Mobile Application React Native, Node.js, Express.js, MySQL

- Cross-platform companion app with real-time data sync via REST APIs for on-the-go academic access.
- Modular React Native component architecture, improving maintainability and enabling rapid feature iteration.

CERTIFICATIONS

- IBM SkillsBuild: Artificial Intelligence Fundamentals (Jun 2026)
- Infosys Springboard: IoT Platforms Overview (Apr 2026), Basics of Python (Feb 2026), Computational Problem Solving (Jan 2026)
- Deloitte Australia (via Forage): Tableau dashboard and Excel data classification simulation (Aug 2026)

ACHIEVEMENTS & ACTIVITIES

- National-level Kho-Kho Athlete: Winner, CBSE Cluster XI Kho-Kho Tournament (2019–2020).
