SUMMARY

Full-stack software developer and MCA student at Amrita Vishwa Vidyapeetham with 9 months of professional internship experience building web and mobile applications. Proficient in the MEAN stack, Python, React Native, and REST API development. Demonstrated ability to deliver end-to-end application solutions in team environments. Passionate about scalable, user-centric software engineering aligned with Google's mission of organizing information to make it universally accessible and useful.

TECHNICAL SKILLS

Languages: Python, JavaScript (ES6+), HTML5, CSS3, PHP, SQL, JSON

Frameworks & Libraries: Node.js, Express.js, Angular, React Native, REST APIs

Databases: MySQL, MongoDB

Tools & Platforms: Git, GitHub, VS Code, Android Studio

Concepts: Data Structures & Algorithms, Object-Oriented Programming, DBMS, UI/UX Design, Mobile App Development

EXPERIENCE

Cellar Innovative Developers

Dec 2024 – Mar 2025

Project Intern – Mobile Application Development

Kochi, India

- Developed key features for the **Academix Hub mobile application** using React Native, Node.js, Express.js, and MySQL, improving student-faculty interaction workflows.
- Collaborated in an Agile team to deliver sprint milestones, applying data structures knowledge to optimize API response handling.
- Conducted testing and debugging across Android platforms, reducing reported bugs by iterating on component-level fixes.

TECHWINGSYS

Jul 2024 – Nov 2024

Project Intern – Web Application Development

Kochi, India

- Built and deployed the **Academix Hub web application** from scratch using HTML, CSS, PHP, and MySQL, serving as a centralized academic management platform.
- Designed and implemented RESTful backend modules, ensuring data integrity across relational database schemas.
- Participated in full software development lifecycle—requirements gathering, design, implementation, testing, and deployment.

PROJECTS

Academix Hub – Web Application | *HTML, CSS, PHP, MySQL*

- Built a full-stack academic management platform supporting student and faculty portals with role-based access, secure authentication, and dynamic dashboards.
- Designed normalized relational database schemas in MySQL to manage user data, course records, and attendance efficiently.

Academix Hub – Mobile Application | *React Native, Node.js, Express.js, MySQL*

- Developed cross-platform mobile companion app with real-time data sync via REST APIs, enabling on-the-go access to academic resources for students and faculty.
- Implemented modular component architecture in React Native, improving code maintainability and enabling rapid feature iteration.

EDUCATION

Amrita Vishwa Vidyapeetham

Jul 2025 – Present

Master of Computer Applications (MCA), Computer Science

Kochi, India

Cochin Arts and Science College

Jun 2022 – Apr 2025

Bachelor of Computer Applications (BCA), Computer Science

Kochi, India

CERTIFICATIONS

IBM SkillsBuild: Artificial Intelligence Fundamentals (Jun 2026)

Infosys Springboard: IoT Platforms Overview (Apr 2026), Basics of Python (Feb 2026), Computational Problem Solving (Jan 2026)

ACHIEVEMENTS & ACTIVITIES

National-level Kho-Kho Athlete: Winner of CBSE Cluster XI Kho-Kho Tournament (2019–2020) — demonstrates discipline, teamwork, and competitive performance under pressure.

Industry Experience: Completed 9 months of professional internship experience across two organizations, contributing to end-to-end product development.
